25X1 5. [redacted] Representative Clarence Cannon called in connection with a possible meeting of the Subcommittee with the Director. He indicated that such a meeting could not be this week but that he would call the first thing next week. I thanked Mr. Cannon saying I would inform the Director. ✓

25X1 6. [redacted] Picked up from David Martin, Staff Assistant to Senator Thomas J. Dodd, a copy of the draft of Senator Dodd's speech on attacks against the Agency which, by present plans, will be given on the floor of the Senate on Monday. This speech is being reproduced and copies are being made available to the Task Force, to the Director and to General Carter so that we will be able to give any comments or suggestions by Friday morning. Martin emphasized that Senator Dodd took full responsibility for the opinions expressed in the speech but was anxious to be accurate as to the facts.
